

SUSAN NORREGAARD

Susan is a specialist nurse in wound healing and lymphoedema working at Bispebjerg University Hospital in Copenhagen. She graduated from Sankt Lukas Stiftelsens Nursing School in Hellerup in 1988. Together with Professor Finn Gottrup and other collaborators, she established the Copenhagen Wound Healing Center in 1996 working as staff nurse in the outpatient clinic, with clinical responsibility for the development of clinical guidelines for the treatment of venous leg ulcers.

Susan has 25 years of experience in treating chronic oedema and in 2006, she established the first multidisciplinary lymphoedema clinic in Denmark, at the Copenhagen Wound Healing Center together with Dr. Tonny Karlsmark and Dr. Bo Jørgensen.

Together with Dr. Tonny Karlsmark she established the Danish Lymphoedema Framework in 2010 and she has been an ILF board member since 2011.

Susan has been a teacher at postgraduate education for healthcare professionals in Copenhagen and has developed teaching programmes for nurses treating patients with compression therapy. She has coordinated several international research projects and has been author and co-author on scientific articles.
